SCHOOL TAX LEVY.

cansport; Purviance, Huntington; Smith,

A Bill Now in the Hands of Representative Joseph R. Morgan.

A bill has been drafted and copies sent to the members of the Marion county delegation in the State Legislature, providing for the additional tax levy for school purposes desired by the Indianapolis School Board. Representative Joseph R. Morgan will father the measure and introduce it in the House early in the session.

This bill, which has the approval of the School Board, contains two features of importance. The first is the provision for an addition to the tax levy of 10 cents on the \$100, 5 cents being allotted to the fund for buildings, grounds and repairs and 5 cents to the special fund. The special fund is available for all school purposes, including the cost of new buildings, provided there is money in it to use. The second feature is the one providing for a rotation of the names of candidates for school commissioners upon the ballot, so that the name of each candidate shall appear at the head of the column as often those candidates whose names were near the head of the column and removes the element of chance from the election. The whole additional cost of rotating the names and thus securing absolute fairness as

between candidates is estimated at less than \$40 for the entire election. There are other minor provisions, namely, the requiring of 300 signatures of householders to nominate, instead of 200, the requiring of the School Board to pay the cost of printing ballots, the city to bear the rest of the cost of election and the requiring of nominations to be filed forty days before the election, instead of thirty days, as heretofore. In other respects the old law remains unchanged.

THE REASON EXPLAINED. Vice President Sweeney, of the School Board, has explained the uses to which the board will put the additional funds derived through the increased levy, stating that more buildings will be erected, more room provided at the Manual Training High School, the condition of inadequate and poorly lighted and poorly ventilated rooms at the Shortridge building relieved. tain class of teachers raised and the teachers better equipped with text-books,

supplies, etc. In addition to this bill the Marion county delegation will ask for the changes in the charter of Indianapolis that have been discussed in the press of the city; will present a bill legalizing the juvenile court and will advocate a measure providing for the establishment of a control board from the various medical schools of the city that will receive and distribute bodies for dissection among the colleges according to

The last-named measure is largely an outgrowth of the recent scandal connected with the grave-robbing exposure, and it is asked by the medical fraternity as a means of doing away with the work of ghouls. The bodies to be handled by the board or commission will be only such as are received in a legitimate manner from the hospitals and various institutions.

It has been rumored, with more or less istence, for the past several days that the Marion county delegation, or part of it, would go before the Legislature with another proposition-one that would doubtless raise considerable stir, namely, a bill extending the term of the mayor of Indianapolis from two to four years. It is difficult to trace this rumor to its source, although three of the representatives or senators from this county said yesterday that they had heard of the proposition in an indefinite way. They said that they knew nothing about such a movement beyond the report that had reached them and that they had not been consulted in regard to the advisability of such a step.

KNOWS NOTHING ABOUT IT. Mayor Bookwalter said last night that he knew nothing of such a movement and that he did not believe there was anything in

The mayor indicated that such a change would be a wise one, even if it were not possible at this time. JUSTICE COURT SYSTEM.

Senator Dausman Has a Bill That Will

Do Away with It. A bill will be introduced at the approaching session of the Legislature to do away with the justice court system which has prevailed in Indiana for years. Senator E. A. Dausman, of Goshen, is preparing the measure, and he will fight its battles this winter and do all in his power to secure

"I want to relieve the State of the disgraceful justice court system that has been so generally condemned," said the senator last evening. "I am preparing a bill that provides that it shall be the duty of the township advisory board in every township at its annual meeting in 1903 to fix the number of justices of the peace and constables necessary in their respective townships, and fix the salaries for the justices and constables by resolution in writas that of any other. This does away with ing. The salaries shall be paid by the the undue advantage hitherto enjoyed by township trustee, quarterly, but not until he has examined the books of the justice and is assured that all the fees from the office have been turned into the township

> "The salaries of the justices will vary from \$25 a year in some of the rural townships to \$600 or \$1,000 in the larger cities. The advisory boards will base the salary on the amount of work required of the justices.

"Such a law will do away with the present system, under which the justices and constables derive their incomes solely from fees, and consequently the justices are continually drumming up business and are very frequently guilty of deciding a case against the man who, they know, is good for the costs. Such a system is a travesty on justice; it is an outrage and should not be tolerated any longer. I know that public sentiment is in favor of a change, and I believe that my bill will meet with general indorsement.

Senator Dausman has another important measure up his sleeve in the shape of a joint resolution providing for an amendment to the Constitution such that the judges of the Supreme Court will be appointed by the Governor and confirmed by | and within a few seconds twenty-five shots the Senate for a life, or good behavior, were fired. MR. M'DONALD VEHEMENT.

He Says He Will Stick Until Hades

Freezes Over. It has been pointed out that there is a marked contrast between the attitude of Governor Durbin and that of John S. Mc-Donald, of New Albany, member of the board of managers of the Reformatory, in regard to giving publicity to the controversy between them over the former's request for the latter's resignation.

The fact that the Governor had asked Mr. McDonald for his resignation would never been published in the first place had Mr. McDonald himself not furnished the newspapers with the story. Since the story leaked out the Governor has uniformly declined to discuss it for publication and the facts in his side of the controversy have been secured with the greatest difficulty. Mr. McDonald is quoted in an evening

paper as follows: "I voted for Joseph P. Byers for superintendent of the Indiana Reformatory, at Jeffersonville, and intend to stand by him until hades freezes over. I refused to resign when asked to do so by the Governor the story that was circulated two years and requested him to put his demand for my resignation in writing and state his reasons for desiring the resignation, and said that then I would reply in writing and give my final answer.

"I wrote Governor Durbin, in reply to a letter from him, that I stood in exactly the same position as I did during my con ference with him. In making the appointment of Mr. Byers for superintendent the board stood above any personal matters, and, speaking for myself, if I had it to do over, I would take the same action

"I hold that the appointment was a business proposition, to be acted upon in a business-like manner, and Mr. Byers secured the appointment on account of his superior qualifications for the place.
"If the board had consulted Governor Durbin, and he had suggested some one for the place who did not meet with our approval, and we had declined to make the appointment, he would have been angry, and he is angry anyway. "You can say that I will not be run out and held up to the people of the State as

Binkley, will result in a line-up of the Beveridge and anti-Beveridge forces in that county, with the odds in favor of the former winning. It has not been determined yet whether the candidate will be named by the Republican county committee, or selected at a primary or delegate convention. There are advocates of all three methods. The Governor will order a new senatorial election in Wayne county within a few days, but there will be no interest in the election, as the Republican candidate will undoubtedly be chosen. A number of men have been mentioned

as prospective candidates. Among others are Mai, James S. Ostrander, who opposed Senator Binkley for the nomination last spring; Benjamin Starr, department commander of the G. A. R.; A. C. IN THE TWELFTH ROUND.

Tommy Sullivan Knocked Out by Jack McClelland.

ST. LOUIS, Nov. 20.-Jack McClelland, of Pittsburg, knocked out "Brooklyn" Tommy Sullivan in the twelfth round of what was to have been a twenty-round contest, before the West End Club to-night. Sullivan was the aggressor for the first six rounds, using a snappy left to McClelland's face, the latter contenting himself with rights to the body in the clinches. Sullivan opened McClelland's eye in the third round with a right swing. In the seventh round McClelland worked an inside right hook to Sullivan's jaw, putting him down and nearly out, the bell saving him. Sullivan feigned grogginess in the eighth and McCleffand tried hard to finish him. Sullivan suddenly revived and rushed Mc-Clelland to the ropes and had the latter clinching to save himself at the end of the round. In the twelfth round McClelland again worked an inside right to Sullivan's chin, putting the latter down for nine sec-When he regained his feet McClelland feinted with his right and swung a hard left to the chin, putting Sullivan out. Billy Trueman, of Brooklyn, got the decision over Jimmie Vickers, of Chicago, in the twelve-round preliminary.

Other Prize Fights.

MILWAUKEE, Wis., Nov. 21.-Eddie Santry, of Chicago, and Charlie Neary, of Milwaukee, went six rounds to a draw before a Milwaukee boxing club to-night. In the preliminaries Tony Caponi, of Chicago, finished Buck Montgomery, of Chicago, in the fifth round by a hard punch in the stomach. Montgomery went down for Charles Mack, of Milwaukee, knocked out

Jack Roe, of Chicago, in the first round with a swing to the jaw. BALTIMORE, Nov. 21.—It required just twenty seconds for Tom Daly, of Brooklyn, to put Joe Tipman, the local featherweight, out to-night before the Eureka Athletic Club. The Brooklyn boy feinted with his left and crossed a straight right to the jaw when Tipman showed an opening. Tipman's seconds brought the defeated boy to consciousness in three minutes. They were to have boxed twenty rounds.

NEW HAVEN, Conn., Nov. 21 .- An unprecedented crowd of college men and their friends arrived in this city to-night and the vicinity of Yale campus presents a scene of bustle and excitement. Fakirs and hawkers add to the din, and in groups enthusiastic collegians shake money at each other in efforts to place wagers. More money will probably be placed upon the ner, a member of the Richmond City Coun- issue of to-morrow's contest than on any previous football game. Yale is willing to give odds, some small bets even being laid at 2 to 1. In the main the wagers are 3

They were the Yale players. They shook hands with friends and accepted their well wishes, until M. C. Murphy, trainer of the team, and his assistants carried them off to the quiet spot near the crest of the Prospect-street hill known as the Infirmary. This was done in order that the players might be removed from the excitement and secure a perfect night's rest, which would be im-

The men sang their gymnasium. Signal drill to-morrow morning is all the work expected of them before afternoon for the field.

> The Harvard eleven will leave their quarters at Morris cove about an hour earlier than the Yale men because of the long ride to the field from the Pequot Club, where trey are staying. They arrived in the city early this afternoon and at once went they are staying. The players are said to be in excellent physical condition and buoyant with hope. The Harvard eleven had a little practice this afternoon on the lawn in the rear of the club and will again drill there to-morrow. Those who saw them are impressed with the speed of the team and the strength of the players. It is believed by competent experts that Yale will be tried out by Harvard in better fashion than Princeton was able to do. Minnesota Is Satisfied.

MINNEAPOLIS, Nov. 21.-The University of Minnesota board of control has withdrawn its objections to playing the Thanksgiving game with Michigan at Ann Arbor. President Kennicott wired this morning to the Michigan authorities that "Minnesota accepted the suggestion" to make the change. Coach Williams has arranged to take the squad to Mount Clemens, Mich. They will leave to-morrow and spend the interval before the game in putting on their finishing touches.

Permitted to Withdraw.

ST. LOUIS, Nov. 21.—The Three I Baseball League adjourned this afternoon after having unanimously voted to allow the Terre Haute and Evansville clubs to be withdrawn from the league. These clubs, it is stated, will join the Interstate League that is being revived. Huffman Pinned to the Mat. Harry Huffman was easily thrown by "Young Muldoon" in a catch-as-catch-can match at the Empire last night in one minute and fifty-two seconds. Huffman was pinned to the mat in a few seconds after the men began wrestling, but the fall was not allowed, the referee claiming the men were not on the mat. Huffman's shoulders were on the mat but the remainder of his body was on the floor.

MISCELLANEOUS NEWS.

The official election returns of New Mex-

I will even do this:-"I will mail the sick one an order-good at any drug store-for six bottles Dr. Shoop's Restorative. He may take it a month at my risk. If it succeeds, the cost is \$5.50. If it fails, I will pay the druggist myself. And the sick one's mere word shall decide it.

Could I meet you I would forever convince you that I have what these sick ones need. More than that, they must have it, for most of them can never get well without it. I would overwhelm you with evi-

But I can meet only a few, so I say to all who need help:-"Try my Restorative one month at my risk. Learn by a test just what it can do. If it succeeds, you are well. If it fails, it is free." I know that no sick one can neglect an offer like that.

I fail sometimes, but not often. In rare cases, there is a causelike cancer-which medicine cannot cure. But I have furnished my Restorative to hundreds of thousands on these terms, and 39 out of each 40 have gladly paid, because they got well. I am willing to trust the sick ones to be fair with me.

It is a remarkable remedy that can stand a test like that. It is my discovery, and I spent a lifetime on it. My Restorative is the only remedy that strengthens the inside nerves. Those nerves alone operate every vital organ of the body. When an organ is weak it means that its nerve power is weak. It is like an engine that needs more steam. To doctor the organ is useless. The weak organ will do its duty when given the power to act, and no other way can cure it.

My success comes from the fact that my remedy always restores that nerve power. My book will explain it. Please write me to-day who needs it.

Ira Ford and Alex. Wilson, two fourteenyear-old colored lads from Detroit, were sentenced at Lansing yesterday to ten years each in the Detroit House of Correction for laying a tie across the Pere Marquette tracks. The boys declared they put the tie on the tracks merely to make a seat. They have never shown any appreciation of the enormity of their offense. The obstruction was struck by a fast train, but no damage was done.

The body of Noah Hale, who shot and killed his son Frank at Sault Ste. Marie, Mich., Oct. 3, has been found under a pile of brush within two miles of his former home. It was discovered by two hunters. Beside the body was the gun which Hale took with him as he rushed from home the day of the murder. A string attached to the trigger was also attached to Hale's foot, showing that he had adopted that device to fire the gun and kill himself.

News of a robbery of \$14,000 worth of dry goods from the basement of the building on Grand street, New York, occupied by Steinhardt & Strasbourger, which occurred Wednesday night, was made public yesterday by a member of the firm. The store is about half a block from a police station. The manager of the store said the thieves must have been at work at least four hours to get out so great a quantity of goods and must have used a truck. Arrangements have been made for a bul

Mrs. Albert Sechrest, of Kansas City, principal witness for the State in the case of Dr. Lewis Zorn, a dentist, charged with killing her husband, was found in Lincoln, Neb., yesterday at the home of her parents and admitted she had been in hiding there for the past five days. Mrs. Sechrest wished to avoid testifying at the trial, and last Monday threw a note pinned to a hat into the river at Leavenworth, stating that she had drowned herself and baby. "I meant to kill myself and baby," she said,

Lauber, with some playmates, was on the roof of a barn reading when Bumhoff discovered -a "coaxer" among his pigeon cotes. Procuring a rifle he fired at the strange bird, which was endeavoring to lead away his pets. The rifle ball passed through the pigeon and sped on to the adjoining building, where the children were poring over their studies in the open air, unknown to the man who fired the shot. Lauber was sitting near the edge of the roof. The bullet struck and killed him instantly, his body falling to the street, twenty-five feet below. Bumhoff was horrified at the re-

sult of his marksmanship. He was arrest-ed on a charge of homicide. Judge Adams, in the United States District Court at New York yesterday, directed the jury to find for the government in the case of Mrs. Ida Harrison Dulles, from Martin Ferguson and his son William and on her arrival from Europe some months ago. Judge Adams said Mrs. Dulles had failed to comply with the requirements of the customs service and declare the pearls, and that, therefore, they should be for-felted. The seizure was made by a special agent of the Treasury Department, Mrs. Dulles, in her defense, said she intended to declare the necklace, but she desired to consult her husband on the steamship dock before doing so. While she was talking to her husband a treasury agent stepped up and asked her to hand him the necklace, which she was wearing at the time.

PASSING OF THE POPULISTS. Figures Showing Its Arrival at the Vanishing Point.

New Orleans Times-Democrat. The late election marks the complete disappearance of the Populists. Here in Louisiana, where at one time they showed The will of former Congressman Felix Campbell, of Brooklyn, disposing of an estate estimated at \$7,000,000, was filed for considerable strength in the northern part candidate. In Mississippi, where they lately seemed threatening, an attempt was made to hold a convention, which was abandoned for a simple meeting, but even that was found impossible, and the Populists retired from the field.
In the far West, where the Populists, either alone or in a fusion movement, were all-powerful six years ago, they and fusion have been on the down grade ever since. All of the ten far Western States were carried in 1896, but the Populists have grown steadily weaker ever since, and have apparently drifted back to the Republican party, which they

placed in power again, as follows: -Pop.-Dem. Fus. Maj.-R's'lts. Colorado134,882 Idaho 16,868 2,216 Repn. 11,773 Kansas 12,269 Montana 32,043 Nebraska 13,576 Nevada Repn. Repn. Repn. They were Republican originally except possibly, Montana, Nevada, Utah and Washington, and their drift from that party was on merely temporary issues. The Democracy has probably learned by this time that the Populists are not to be depended on as permanent allies. The Populists cast 1,041,467 votes in the election of 1892, and probably half as many more in the election of 1896. To-day they
